iGNiTE

Ignite is a comprehensive interactive learning programme. Ignite and fast track the Thrive networking community and grow you and your business through the Thrive trusted connections.

Ignite for those who would like to understand more of the craft of networking and building good trust-based connections, our six-month programme will help you to learn how to build those trust-based connections that will set the foundations for you and your business and help you grow from strength to strength.

Benefits include:

- 6 face to face group meetings.
- Facilitated peer to peer support
- Share experiences and best practices to establish and grow you and your business
- Advice and support from our proven Thrive team
- We will explore and help you understand the importance of preparation before any networking event, what to do during and after an event and why.

We will help you see the importance of 121's and how to undertake them, learn how to build those trust-based connections that will set the foundations for your business and help you grow from strength to strength

Do you understand your Avatars? This interactive course is designed to help you define and outline yours for you and your business and ways to ask your trusted connections help to get these doors opened.

Ignite your networking and plan to succeed with us, these meetings will be engaging, fun, thought provoking and give you the tools you need to be the go-to person. It's your chance to maximise all your networking opportunities and find the right ways and places for you to make the contacts that will drive growth and become a Super networker.

Access to all these great benefits for just £60 per month plus VAT.
